The image shows a Visual Studio Code (VS Code) terminal window. The top bar includes the VS Code logo, menu items (File, Edit, Selection, View, Go, Run, ...), a search bar, and a 'Sign In' button. Below the top bar, the 'TERMINAL' tab is selected, showing the output of a command executed in a PowerShell prompt. The command runs a Python script named 'Recommendation_system.py' located at 'c:/Users/Kalash Tyagi/OneDrive/Desktop/codsoft/Recommendation_system.py'. The script's output is as follows:

```
PS C:\Users\Kalash Tyagi> & "C:/Users/Kalash Tyagi/AppData/Local/Programs/Python/Python313/python.exe" "c:/Users/Kalash Tyagi/OneDrive/Desktop/codsoft/Recommendation_system.py"
===== MOVIE RECOMMENDATION SYSTEM =====

Available Genres:
- Action
- Comedy
- Drama
- Sci-Fi

Enter preferred genre: Action
Enter minimum rating (0-10): 8.5

Recommended Movies:

1. Avengers (Genre: Action, Rating: 8.5)
PS C:\Users\Kalash Tyagi>
```
